

QCPLegend::setSelectable
Parts

```
graph LR; A[QCPLegend::QCPLegend] --> B[QCPLegend::setSelectableParts];
```

The diagram illustrates a call to the `QCPLegend::setSelectableParts` method. A blue arrow points from the `QCPLegend::QCPLegend` constructor box to the `QCPLegend::setSelectableParts` method box. The method box is shaded gray, while the constructor box is white.
